

Way to Amazonia 4

Bunny, the new baggage handler that she is, forgot to pack the conversion adapter. She realized that the electric dildos from America were 110 volts and they needed 220 in the Amazon!

She ran, but could not hide from the angry top ten and bottom 10 dykes. "Oh no, she screamed, I've created an International Incident. CNN will be sending in the helicopter and I will be on the nightly news!" She ran deeper into the forest where the dykes captured her. "What shall we do with her? Well, we could torment her with one of the parrot's feathers?"

The parrot, hearing that one of her feathers would be taken, flew to the highest tree and squawked, "No Way! You can use a feather I dropped on the ground when I was molting last week."

The dykes showed no mercy and tickled Bunny with the long, soft feather on the erotic parts of her body that she had forgotten would arouse her:

(sexually explicit material deleted)

The Dyke Police were too late. She had fallen into a coma of ecstasy...
